Vegetatio **103**: 217–218, 1992.

Volume contents

Markert, B., Presence and significance of naturally occurring chemical elements of the periodic system in the plant organism and consequences for future investigations on inorganic environmental chemistry in ecosystems 1
Barik, S. K., H. N. Pandey, R. S. Tripathi & P. Rao, Microenvironmental variability and species diversity in treefall gaps in a sub-tropical broadleaved forest 31
Briske, D. D. & V. J. Anderson, Competitive ability of the bunchgrass *Schizachyrium scoparium* as affected by grazing history and defoliation 41
Chidumayo, E. N., Seedling ecology of two miombo woodland trees 51
Jeanfils, J. & J. P. Tack, Identification and study of growth and nitrogenase activity of nitrogen fixing cyanobacteria from tropical soil 59
Rheinhardt, R. D., Disparate distribution patterns between canopy and subcanopy life-forms in two temperate North American forests 67
Fuls, E. R., G. J. Bredenkamp & N. van Rooyen, Plant communities of the rocky outcrops of the northern Orange Free State, South Africa 79
Fischer, A., Long term vegetation development in Bavarian Mountain Forest ecosystems following natural destruction 93
Nakashizuka, T., S. Iida, H. Tanaka, M. Shibata, S. Abe, T. Masaki & K. Niiyama, Community dynamics of Ogawa Forest Reserve, a species rich deciduous forest, central Japan 105
Buttler, A., Permanent plot research in wet meadows and cutting experiment 113
Stampfli, A., Year-to-year changes in unfertilized meadows of great species richness detected by point quadrat analysis 125
Hegg, O., Long term influence of fertilization in a Nardetum *The experimental field of Dr. Werner Lüdi on the Schynige Platte* 133
Dähler, W., Long term influence of fertilization in a Nardetum *The management of great quantities of data from permanent plots* 135
Dähler, W., Long term influence of fertilization in a Nardetum *Results from the test plots of Dr. W. Lüdi on the Schynige Platte* 141
Hegg, O., U. Feller, W. Dähler & C. Scherrer, Long term influence of fertilization in a Nardetum *Phytosociology of the pasture and nutrient contents in leaves* 151
Diemer, M., Population dynamics and spatial arrangement of *Ranunculus glacialis* L., an alpine perennial herb, in permanent plots 159
Book reviews 167
Lieth, H., The global change program of ISCU *A new challenge for vegetation scientists and ecologists* 187
